LIONS
BRIGHTSIGHT

A Multiple District 410 Project

THE PRIDE OF MULTIPLE DISTRICT 410

Lions BrightSight has been providing quality, cost-effective spectacles to people in need throughout Southern Africa since July 1978!

Thousands of spectacles have been distributed to people in need, bringing smiles to their faces through the gift of clear vision. Without the help of Lions Clubs and our corporate partners, they may have gone through life with impaired vision.

LIONS & SIGHT

Ever since Helen Keller challenged Lions to become "knights of the blind in the crusade against darkness" at the 1925 Lions International Convention in Ohio, USA and the subsequent declaration by Lions International to institute Helen Keller Day on 1 June annually, Lions around the globe have implemented many sight-related service projects to take up this challenge!

LIONS BRIGHTSIGHT

Lions BrightSight was initially established in 1974 as a multi-club collaboration project in what was then, District 410B. In 1991, the Council of Governors constituted the successful project as an official MD410 project called LCI Multiple District 410 Operation BrightSight.

Subsequently, our objective has been to receive prescriptions from Lions Clubs and various other organisations and to process these scripts at low cost, using new and pre-owned frames that are in excellent condition, fitted with new prescription lenses, to all in need. We accepted the challenge!

OUR TEAM

Control of Lions BrightSight is in the hands of the Governing Body consisting of the Council of Governors of Multiple District 410. The management committee is made up of Lions from various Clubs across the MD. The committee employs staff to run our office in Benoni, Gauteng.

All scripts are received at the office and sent for lens production to a third-party lab. Completed spectacles are then sent back to the Clubs. Used frames are also processed at the office.

Additionally, we offer eye clinic days for walk-in patients by appointment, two to three times a week.

ONLINE RESOURCES

Lions BrightSight's main focus is to assist Clubs run vision projects in their communities and obtain scripts for spectacles from them. Accordingly, we have a number of resources available to them. All the information is readily available on our website

www.lionsbrightsight.co.za

VISION SCREENERS

Lions BrightSight's has five vision screening devices available for Clubs to book, at no cost, for screening projects. Devices are sent and collected free of charge to Clubs.
